Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

Everyone's favorite during the 2023 trial season. Unusual rusty peach to sun tanned pink flowers cover every square in of the beefy, vigorous plant. This Coreopsis garnered as much attention this year as Agastache 'Pink Pearl' did last year! This is not a petite plant and it's a powerhouse of great performance. Vigor, health, color - who could ask for more?
